

Airbus AS365-N3

The Airbus AS365N3 is a fast, twin-engine helicopter which can carry up to 4 passengers in addition to the pilot. Probably one of the most luxurious helicopters for charter in Greece, with VVIP configuration and extreme leg space to guarantee maximum comfort. The seating arrangement can be adjusted so all passengers face front, leaving no room for discussions on where to sit. Equipped with an integrated bar, cold drinks and snacks are available for the utmost helicopter flight experience. Passengers are welcome to plug in their i-phone or use integrated iPods to listen to music through the Bose noise-canceling headphones throughout the flight. The pilot can also be reached through the crew sound channel, just by the touch of a switch. The AS365-N3 flies FASTER to any destination, with a maximum speed of 306 km/h (165 knots), setting the new standards in helicopter transportation.
