

## Bell 407

Get to your destination and enjoy a fantastic trip! Reach further locations with the Bell 407, designed to get you where you need to go fast, comfortably and definitely in style! The Bell 407 is a four-blade, single-engine turbine civil utility helicopter. The blades and hub use composite construction and provide outstanding performances and silent, comfortable rides. It is frequently used for corporate and offshore transport, air ambulance, law enforcement, electronic news gathering and movie making. Featuring a spacious cabin that can accommodate five passengers in an open-club seating arrangement, the Bell 407 remains a top choice among business and leisure flights.
