

## Cessna 550 Citation Bravo

The twin engine, Cessna Citation 550 Bravo, is an ideal light-size aircraft for short and long-range executive charters. A top of the range aircraft, supported by experienced pilots, qualified ground personnel and state of the art maintenance facilities, guarantees an unforgettable way of travel. The Cessna Citation 550 Bravo features two powerful Pratt & Whitney 530A turbopfans and new main landing gear which makes landings extremely smooth. One of the features that set the Citation Bravo apart from the competition, is comfort. The cabin is designed to be notably quiet and is equipped with pedestal-mounted swivel chairs, seats up to seven passengers, has a hot and cold beverage area as well as a mini-bar. The baggage compartment is conveniently spacious as well. For those looking to maximize cabin space for a reasonable budget and still travel in style, the Citation Bravo is the ideal aircraft for an exceptional flight.
