

Embraer Legacy 650E

Successor of the popular Legacy 650, the enhanced version 650E features upgraded avionics and new powerful Rolls-Royce engines, which make it more robust and extend its range. It boasts the largest cabin of its category, holding up to 13 passengers and three crew members. Three remarkably quiet cabin areas offer plenty of space to work, dine or relax. Equipped with fully berthing premium leather seats, high-speed internet access, global phone service, a large and elegant lavatory, and an ample, customizable galley with crystal sliding doors, this Large Jet is perfect for long-haul flights. The cabin also has the largest in-flight accessible baggage compartment in its class, an intuitive cabin management system and excellent in-flight entertainment options. All things considered, the Embraer Legacy 650E is the ultimate luxurious and efficient contemporary aircraft.
